WELCOME AND INTRODUCTIONS

MERCER STREET FRIENDS PRESENTATION

Bernie Flynn from Mercer Street Friends presented on the community school model that they are utilizing at Gregory Elementary School. Mercer Street Friends' community school model started 6 years ago with a federal grant piloted at Rivera Community Middle School. The model aligns with the goals of the CCYVC [Trenton Youth Safety Playbook](#). Mercer Street Friends brings in expert nonprofits to schools so they have easier entry points to provide their services to students and families.
